LIQUI-BOX SPAIN, S.L.U. has been dedicated for decades to the production and distribution of flexible plastic bags for liquid packaging. The Company seeks to offer its customers and the entire business environment the assurance of efficient quality management, with a commitment that goes beyond strict legal and regulatory compliance, while also meeting other voluntary requirements it may subscribe to, aimed at continuous improvement.

Our main objective is to ensure the quality of our products and services in order to meet the needs and expectations of our customers. Our efforts are focused on improving the sustainability of our products by developing increasingly recyclable packaging and using a reduced amount of raw materials, without compromising their properties. In doing so, we contribute to reducing the environmental impact and the footprint associated with our products throughout their life cycle.

To this end, we strive to achieve greater competitiveness in our markets based on innovation and continuous improvement of our products and services, as well as on customer trust and loyalty, integrating environmental and climate criteria into strategic and operational decision-making.

To achieve our objectives, customer focus has been consolidated and the system has been restructured around process-based management. LIQUI-BOX SPAIN, S.L.U. adopts customer satisfaction measurement and process effectiveness as key indicators of its performance.

This policy is appropriate to the purpose and context of our organization and supports its strategic direction, including the nature, scale, and environmental impacts of its activities, products, and services.

LIQUI-BOX SPAIN, S.L.U. declares its commitment to mitigating the environmental impact of its activities by promoting the efficient use of resources, reducing emissions, optimizing energy consumption, and collaborating with suppliers and customers to move toward more sustainable packaging solutions.

This policy is available to interested parties.

LIQUI-BOX SPAIN, S.L.U. evaluates and allocates the necessary resources (material and human), ensuring the proper training of its personnel. To this end, training needs are assessed, action plans are established, and their effectiveness is evaluated, including awareness-raising in quality, sustainability, and food safety, according to the responsibilities of each position.

This Policy is reviewed for continued suitability at least once a year during Management's System Review, together with its Quality objectives and targets. Quality audits are also carried out to verify the effectiveness of the implemented management system and its contribution to the continuous improvement of the organization's overall performance.

The Quality Policy is communicated to all personnel within the Organization to ensure it is understood at all levels, through notice boards and email, and it is made available to the public on the Company's website.

Management of LIQUI-BOX SPAIN, S.L.U. is committed to leading the continuous improvement process based on the collaboration of all members of the Company and its external partners. It likewise commits to ensuring the dissemination and consolidation of a culture of Quality and food safety transversally throughout the entire Organization as a fundamental part of the corporate culture.
